The first game of the male event at the Junior Panamerican Championship saw two south American teams go against each other. Peru and Colombia played a very tight first quarter, with both teams able to score from penalty shots. At the end of that quarter the game was 3-2 in favor of Colombia. The second quarter was the defining one for Colombia. They played very stingy defense and was able to capitalize on Peru's mistakes to score four goals to none by Peru. The second half was more of a slow tempo game. Peru tried hard to decipher Colombia's defensive patter with not much luck. The only offensive player that was able to break their defense was Villar (#6) who scored two goals on each half, most of them in one on one situations. For Colombia, who were led by Buitrago (#5) with 4 goals, their next match will be against Canada. Peru will go against Barbados in tomorrow's session. They were led by Villar (#6) with four goals
